Facilities	Amount (Rs. Crore)	Rating
Cash Credit	9.25	SMERA B+/Stable (Assigned)
Proposed Cash Credit	0.75	SMERA B+/Stable (Assigned)

SMERA has assigned a long-term rating of '**SMERA B+**' (read as **SMERA B plus**) to the Rs.10.00 crore bank facilities of Subhlene Fabrics (SF). The outlook is '**Stable**'.

SMERA has consolidated the business and financial risk profiles of Subhlene Fabrics (SF) and Shubh Mangal Textile Industries LLP (SMTIL), another group firm, together referred to as The Subhlene Group due to the common management, similar lines of business apart from operational and financial linkages between the two entities.

The rating is constrained by the group's modest scale of operations in an intensely competitive textile industry and net profit largely supported by non-operating income. The rating is also constrained by the group's below average financial risk profile and stretched liquidity position. However, the rating draws comfort from the group's experienced management.

Outlook: Stable

SMERA believes the outlook on The Subhlene Group's rated facilities will remain stable over the medium term on account of an experienced management. The outlook may be revised to 'Positive' in case the group achieves a sustained growth in revenues while registering improvement in profit margins and financial risk profile. Conversely, the outlook may be revised to 'Negative' in case of a steep decline in the group's revenues and profit margins and further deterioration in the financial risk profile.
