

Press Release

Srei Equipment Finance Limited

October 22, 2021

Rating Reaffirmed

Total Facilities Rated*	Rs. 3492.45 Cr.
Long Term Rating	ACUITE D (Reaffirmed)

* Refer Annexure for details

Rating Rationale

Acuité has reaffirmed the long-term rating of '**ACUITE D**' (**read as ACUITE D**) on the Rs. 3492.45 Cr Non-convertible Debentures of Srei Equipment Finance Limited (SEFL).

The rating takes into account the continuing delays in debt servicing of the outstanding NCDs. Acuite also takes cognizance of the recent developments whereby the Reserve Bank of India (RBI) vide its press release dated October 4, 2021 superseded the Board of Directors of SEFL under Section 45IE of the Reserve Bank of India Act, 1934; and has appointed Shri Rajneesh Sharma as its Administrator wef October 4, 2021. The RBI has also, by its press release dated 04th October, 2021, constituted a 3-member committee under Section 45 IE of the Reserve Bank of India Act, 1934, to act as advisors to the Administrator. Further as per press Release dated October 08, 2021, the RBI has filed an application for initiation of corporate insolvency resolution process against SEFL under Insolvency and Bankruptcy Code, 2016 at the Kolkata Bench of the Hon'ble National Company Law Tribunal. Upon admission of the petitions for insolvency resolution process by the Kolkata Bench of the Hon'ble National Company Law Tribunal in respect of SEFL vide orders dated October 08, 2021, the Reserve Bank has decided that the three-member Committee shall continue as the Advisory Committee constituted under Rule 5 (c) of the Insolvency and Bankruptcy (Insolvency and Liquidation Proceedings of Financial Service Providers and Application to Adjudicating Authority) Rules, 2019. The Advisory Committee shall advise the Administrator in the operations of the SEFL during the corporate insolvency resolution process.

About the company

Incorporated in 2006, Kolkata based SEFL is a systemically important non-deposit taking non-banking finance company (NBFC-ND- SI) engaged in the business of equipment financing and providing leasing solutions for construction, mining, healthcare, agricultural and IT equipment. SEFL has registered office in Kolkata. It is a wholly-owned subsidiary of Srei Infrastructure Finance Limited (SIFL), a listed company, which used to be engaged in the financing of infrastructure projects. Post slump sale all the financing activities have been shifted to SEFL and SIFL is now focused on fee based advisory services.

Analytical Approach

Acuité has adopted the standalone approach on SEFL's business and financial profiles for arriving at the rating which also takes into account the slump sale of assets by the parent company, SREI Infrastructure Finance Limited (SIFL).

Key Rating Drivers

Strengths

- Established presence in the CME Segment:**

SEFL is engaged in the financing of infrastructure assets with a focus on construction, mining and allied equipment (CME) segment and leases for new as well as used equipment. The company has been one of the leading construction and mining equipment (CME) financing companies with 91 branches across 21 states in India offering loans. While SEFL was started in 2006, the promoters have been in the equipment-financing segment for over two decades. SEFL has presence across the lifecycle of the equipment from equipment acquisition up to equipment exit.

SEFL has developed strong expertise in understanding and managing risks inherent in the construction equipment financing business. The company also benefits from its long-standing relationship with original equipment manufacturers, such as JCB, and equipment dealers, and its ability to support its borrowers throughout the asset lifecycle. The company has developed an ability to track the execution of projects wherever its equipment is deployed and ensure optimal use of these. SEFL has developed an in-house platform to create a secondary market for sale and purchase of used and repossessed equipment.

The company had Asset under Management (AUM) of Rs. 38,418 Cr. as on March 31, 2020 (Rs. 29,772 Cr. as on March 31, 2019), AUM stood at Rs. 38,605 Cr. as on June 30, 2020. The major increase in the portfolio was due to assets taken over from SIFL in the slump sale. Of the overall AUM as on March 31, 2020, on book loan portfolio comprised Rs. 29,041 Cr. (Rs. 18,615 Cr. as on March 31, 2019)) and operating lease assets comprised Rs. 3107 Cr. (Rs. 4,300 Cr. as on March 31, 2019). The balance AUM comprised off balance sheet exposures on account of securitization and direct assignment transactions.

Acuité believes that SEFL's established presence in the CME financing segment and its ability to significantly scale up its AUM through initiatives like co-lending/ Securitization will be a key driver of its business risk profile over the medium to long term.

Weakness

- Subdued Capital adequacy buffers coupled with significant losses:**

SEFL is engaged in financing and leasing of Construction, Mining and allied equipment (CME). The demand for CME is directly linked to infrastructure spending in the economy. The high level of infra spending over the past two to three years has translated into higher volumes of sales of CME. This, in turn, has resulted in higher growth opportunities for players like SEFL. SEFL's AUM has grown from Rs. 15,413 Cr. as on March 31, 2016 to Rs. 29772 as on March 31, 2019 and further to Rs. 38,418 Cr. as on March 31, 2020, AUM stood at Rs. 38,605 Cr as on June 30, 2020. Acuité observes that a major part of this growth was funded through increased borrowings without any commensurate increase in the net worth apart from the increased capital (by way of slump sale Rs. 950 Cr) which resulted in the increase of assets and borrowings by Rs. 13,365 Cr and Rs12,391 Cr respectively. SEFL's net worth stood at Rs. 3920 Cr. as on March 31, 2020 as against Rs. 2904 Cr. as on March 31, 2019 and Rs. 2364 Cr as on March 31, 2016. SEFL has been aggressively geared at 8.05 times as on March 31, 2020 (7.22 times as on March 31, 2019 and 5.01 times as on March 31, 2016).

The company had in the past, attempted to raise fresh equity; however, in the absence of a supportive funding environment, these plans had to be deferred. While the company was facing challenges to raise fresh equity, it also now faces a significant challenge from asset quality and profitability to be further impacted due to subdued operating environment. Resultantly, the company's capital adequacy has declined from 19.6 per cent as on March 2016 to 15.65 per cent as on March 2020 and further deteriorated to 15.5% as on June 30, 2020. The Tier I capital stood at 11.35 percent as on March 2020, which leaves the capital adequacy close to the regulatory threshold limits and limited headroom for further growth. Discussions with management indicate that the company will intentionally sell down its portfolio through securitization (under Direct assignments, PCG and PTC schemes) or by way of foreclosure. Since the company has faced capital adequacy constraints it has opted for avenues like co-lending to tide over the capitalization constraints.

The company had granted moratorium to most of its borrowers during the COVID-19 outbreak. The period of moratorium ended by August 31, 2020 and regular repayments commenced from Sept, 2020. Resultantly the extent of impairment with respect to its borrowers is yet to be evaluated. Besides primary exposures (Loan assets and operating lease assets) the company also has significant exposures by way of securitization, i.e. PTC, PCG and DA transactions. While discussions with management indicate there is has been no dip in cash collateral associated with these deals, increase in delinquencies in these pools will translate into dips in the cash collateral.

The overall extent of impairment both on the on-balance sheet and off-balance sheet exposures will be crucial to determine the credit profile of the company. While discussions with management indicate that adequate provisions have already been made with respect to the existing stressed assets, any increase in credit costs will

result in further deterioration in profitability and thereby impact the capital adequacy buffers. The company reported losses of Rs 7136 Cr for the FY2021.

Acuité believes that the impact on profitability coupled with a significantly slower pace of business growth, will continue to impinge on the operating performance of the company.

- Asset quality impacted further due to operational disruptions and continuing liquidity challenges among its clientele**

SEFL primarily focusses on construction, mining and allied equipment segment wherein the end user industry is infrastructure. The capital expenditure program of infrastructure players is largely influenced by their order book, which in turn is linked to the expected infrastructure spending in the economy. While the thrust of the Government on infrastructure has increased, the ability to maintain the investment momentum in infrastructure will also be dependent on the fiscal headroom available to the government to raise the requisite resources. The question of fiscal flexibility has become more relevant after the COVID-19 outbreak which has resulted in a significant proportion of the government resources (funds) being allocated towards other areas of higher priority such as healthcare and subsidies for the vulnerable sections of the population.

Since the credit quality of SEFL's borrowers are largely aligned to infrastructure spending, impact of the current macro-economic environment on the loan portfolio is expected to be adverse over the near term. In this situation, the asset quality pressures of players like SEFL are expected to be elevated and consequently, the related credit costs are expected to be high. The company reported GNPA at 52.96 percent and NNPA at 35.74 percent as on March 2021.

Acuité believes that the ability to unwind its exposures significantly while containing slippages will be a key monitorable.

Liquidity Position-Stretched

SEFL's liquidity position continues to be very challenging. The NCLT order dated 30,2021 that has put a moratorium on debt repayment over the next six months, provided some respite to the company for debt servicing. Nevertheless, with the continuing operational disruption and collection levels estimated to be significantly lower than the pre-pandemic levels. We believe that the company's ability to disburse fresh loans will remain constrained in the current scenario. Further, its planned sell down of assets has also been adversely impacted given the ongoing discussions on debt realignment with creditors.

Rating Sensitivity

- Implementation of corporate insolvency resolution process.
- Significant infusion of equity.
- Improvement in capital adequacy and liquidity.

About Acuité Ratings & Research:

Acuité Ratings & Research Limited is a full-service Credit Rating Agency registered with the Securities and Exchange Board of India (SEBI). The company received RBI Accreditation as an External Credit Assessment Institution (ECAI), for Bank Loan Ratings under BASEL-II norms in the year 2012. Since then, it has assigned more than 8,850 credit ratings to various securities, debt instruments and bank facilities of entities spread across the country and across a wide cross section of industries. It has its Registered and Head Office in Kanjurmarg, Mumbai.

Disclaimer: An Acuité rating does not constitute an audit of the rated entity and should not be treated as a recommendation or opinion that is intended to substitute for a financial adviser's or investor's independent assessment of whether to buy, sell or hold any security. Acuité ratings are based on the data and information provided by the issuer and obtained from other reliable sources. Although reasonable care has been taken to ensure that the data and information is true, Acuité, in particular, makes no representation or warranty, expressed or implied with respect to the adequacy, accuracy or completeness of the information relied upon. Acuité is not responsible for any errors or omissions and especially states that it has no financial liability whatsoever for any direct, indirect or consequential loss of any kind arising from the use of its ratings. Acuité ratings are subject to a process of surveillance which may lead to a revision in ratings as and when the circumstances so warrant. Please visit our website (www.acuite.in) for the latest information on any instrument rated by Acuité
