SMERA has assigned ratings of 'SMERA B' (read as SMERA single B) and 'SMERA A4' (read as SMERA A four) to the Rs.12.00 crore bank facilities of Leena Multispecialty Hospital (Leena Multispecialty). The outlook is 'Stable'. The ratings are constrained by the short track record of operations, small scale of business and intense competition in the healthcare industry. However, the ratings draw support from the experienced promoters and diversification across various specialties.

#### Rating Sensitivity Factors

- Scaling up of operations
- Improving profitability

#### Outlook: Stable

SMERA believes that Leena Multispecialty will benefit from the extensive experience of its promoters. The outlook may be revised to 'Positive' in case the hospital registers strong growth in revenues and profitability while achieving improvement in capital structure. Conversely, the outlook may be revised to 'Negative' if the hospital registers lower-than-expected revenues and profitability or deterioration in debt protection metrics on account of capital expenditure.
