Rating Rationale

Acuite has downgraded the long-term rating to ‘**ACUITE C**’ (read as **ACUITE C**) from ‘**ACUITE B**’ (read as **ACUITE B**) and reaffirmed the short-term rating of ‘**ACUITE A4**’ (read as **ACUITE A four**) on the Rs 12.25 crore bank facilities of Shiv Gorakh Timber Private Limited (SGTPL) on account of information risk.

The downgrade in the rating is on account of delays in repayment of debt obligations by SGTPL as reflected in its Credit Bureau Information report, latest being in the month of March 2024. The rating continues to be flagged as issuer not cooperating and is based on the best available information.

Note on complexity levels of the rated instrument

In order to inform the investors about complexity of instruments, Acuité has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuité's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk.
