

## Press Release

### Bharat Engineering Construction Company Private Limited

November 01, 2018

#### Rating Downgraded

<b>Total Bank Facilities Rated*</b>	Rs. 61.25 Cr. (Enhanced from Rs. 46.25 crore)
<b>Long Term Rating</b>	ACUITE B+ / Outlook: Stable (Downgraded from ACUITE BB /Stable)
<b>Short Term Rating</b>	ACUITE A4 (Downgraded from ACUITEA4+)

\* Refer Annexure for details

#### Rating Rationale

Acuite has downgraded long-term rating to '**ACUITE B+**' (read as **ACUITE B plus**) from **ACUITE BB** (read as **ACUITE double B**) and short term rating to '**ACUITE A4**' (read as **ACUITE A four**) from **ACUITE A4+** (read as **ACUITE A four plus**) to the Rs. 61.25 crore bank facilities of Bharat Engineering Construction Company Private Limited (BECCPL). The outlook is '**Stable**'.

The downgrade in the rating is driven by deterioration of its financial risk profile, particularly significant drop in operating income and elongation of its working capital cycle. Drop in scale of operations has resulted in deterioration of financial risk profile with debt-EBITDA has increased to 6.87 times in FY18 as against 4.88 times in FY17, debt protection metrics also declined with Debt service coverage ratio dropped to 1.44 times in FY18 as against 2.06 times in FY17.

The Tamil Nadu-based, BECCPL was incorporated in 2006 by Mr. H. Syed Abdul Kader and Mr. M.S. Thaika Sahib. The company undertakes infrastructure projects related to water supply, sewerage and solid waste management apart from constructing roads, bridges, flyovers and dams. The company has also executed a real estate project 'Alpha Lotus Towers' at Avadi (Chennai) in FY2017.

#### Analytical Approach

#### Key Rating Drivers

##### Strengths

- **Experienced management**

The Directors, Mr. H. Syed Abdul Kader and Mr. M.S. Thaika Sahib have more than three decades of experience in executing infrastructure projects.

- **Moderate financial risk profile**

BECCPL has moderate financial risk profile marked by net worth of Rs.32.85 crore in FY2018 as against Rs.32.80 crore in FY2017. The gearing (debt to equity ratio) stood at 1.31 times as on 31 March, 2018 as against 1.36 times as on 31 March, 2017. The total debt of Rs.42.91 crore mainly includes working capital borrowings of Rs.36.76 crore and short term loans from promoters of Rs. 5.75 crore as on 31 March, 2018 (Provisional). The debt protection metrics deteriorated with interest coverage ratio (ICR) of 1.51 times and debt service coverage ratio (DSCR) at 1.44 times in FY2018 as against ICR of 2.29 times and DSCR of 2.06 times in FY2017. Further, the NCA/TD stood at 0.04 times as on 31 March, 2017 as against 0.10 times in the previous year.

##### Weaknesses

- **Tender based business**

The profit margins are susceptible to the tender based nature of business and intense competition in the industry.

#### • Declining scale of operation

The company's scale of operation is declining with operating income declined to Rs.49.60 crore in FY2017-18 compared to Rs.89.79 crore in FY2016-17.

#### • Working capital intensive operations

BECCPL's operations are working capital intensive with gross current assets (GCA) of 532 days in FY2018 as against 321 days in FY2017. This is mainly on account of high inventory of 354 days in FY2018 and 216 days in FY2017. The average cash credit limit utilisation has been around 100 per cent in the last six months ended Sep 2018.

#### Outlook: Stable

Acuite believes that BECCPL will maintain a stable outlook over the medium term owing to its established track record and experienced management. The outlook may be revised to 'Positive' if the company registers significant increase in revenue and working capital management apart from maintaining profitability. Conversely, the outlook may be revised to 'Negative' in case the company scale of operations declines further or reports deterioration in its financial risk profile.
