Analytical Approach

Acuité has considered the standalone business and financial risk profiles of ZIL to arrive at this rating.

Non-cooperation by the issuer/borrower

Acuité has been requesting for data, information and undertakings from the rated entity for conducting surveillance & review of the rating. However, the issuer / borrower failed to submit such information before due date.

Acuité believes that information risk is a critical component in such ratings, and non-cooperation by the issuer along with unwillingness to provide information could be a sign of potential deterioration in its overall credit quality.

This rating is therefore being flagged as "Issuer not - cooperating", in line with prevailing SEBI regulations and Acuité's policies.
