About the Company

Monarch a Bangalore based company was originally started in 1978. Later in December 1993, the company got converted into a private limited company and was named as Monarch Self Adhesive Tapes and Foams India Private Limited. The company was promoted by Mr. Prabhakar N Metrani. Monarch is engaged in manufacturing of various types of adhesive tapes for the diverse customer base across multiple end markets. The founder and promoter of the company, Mr. Prabhakar N Metrani is one of the pioneers in self-adhesive tapes and was associated earlier with a multinational company, J&J in Q.A and R&D. He has to his credit of introducing many new tapes for the first time in India. He is the first to introduce PVC Insulation Tapes conforming to defence specifications, polyethylene self-adhesive tapes for pipe wrapping of underground pipes in petrol refinery and Cloth gummed tape for packaging before BOPP Tape came into Indian Market.

Non-cooperation by the issuer/borrower:

Acuite has been requesting for data, information and undertakings from the rated entity for conducting surveillance & review of the rating. However, the issuer/borrower failed to submit such information before the due date.

Acuite believes that information risk is a critical component in such ratings, and noncooperation by the issuer along with unwillingness to provide information could be a sign of potential deterioration in its overall credit quality.

This rating is, therefore, being flagged as "Issuer not-cooperating", in line with prevailing SEBI regulations and Acuite's policies.

Limitation regarding information availability:

The rating is based on information available from sources other than the issuer/borrower (in the absence of information provided by the issuer/borrower). Acuite endeavored to gather information about the entity/industry from the public domain. Therefore, Acuite cautions lenders and investors regarding the use of such information, on which the indicative credit rating is based.

Note on Complexity Levels of the Rated Instrument

In order to inform the investors about complexity of instruments, Acuite has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuite's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk. For more details, please refer Rating Criteria "Complexity Level Of Financial Instruments" on www.acuite.in.
