Acuite has reaffirmed the long-term rating to '**ACUITE D (read as ACUITE D)**' and '**ACUITE C (read as ACUITE C)**' on the Rs.7.00 crore bank facilities of Rohini Metals Industries (RMI). The rating continues to be flagged as "Issuer Not-Cooperating" and is based on the best available information.

About the Company

RMI, established as a partnership firm in 2016, recycles lead acid batteries to manufacture lead ingots. The firm is headed by partners, Mr. Prakash Waghdhare and Mrs. Sindhu Waghdhare and also trades in copper, aluminium, brass, MS scrap among others. The manufacturing facility is located at Nagpur with installed capacity of 1500 tons/month.

Non-cooperation by the issuer/borrower:

Acuite has been requesting for data, information and undertakings from the rated entity for conducting surveillance & review of the rating. However, the issuer/borrower failed to submit such information before due date.

Acuite believes that information risk is a critical component in such ratings, and non-cooperation by the issuer along with unwillingness to provide information could be a sign of potential deterioration in its overall credit quality.

This rating is, therefore, being flagged as "Issuer not-cooperating", in line with prevailing SEBI regulations and Acuite's policies.

Limitation regarding information availability:

The rating is based on information available from sources other than the issuer/borrower (in the absence of information provided by the issuer/borrower). Acuite endeavoured to gather information about the entity / industry from the public domain. Therefore, Acuite cautions lenders and investors regarding the use of such information, on which the indicative credit rating is based.
