Rating Rationale

Acuite has reaffirmed the long-term rating of '**ACUITE B+**' (read as **ACUITE B plus**) on the Rs.6 crore bank facilities of National Engineers. This rating is now an indicative rating and is based on the best available information.

About the Company

Established in 1995, National Engineers is a proprietorship firm promoted by Mr. Walter Almeida. The proprietor has over 3 decades of experience in the said line of business. The firm is engaged in manufacturing of stone crushing, screening and material handling machines. National Engineers has its manufacturing facility located at Kundaim Industrial Estate, Goa.

Non-cooperation by the issuer/borrower:

Acuite has been requesting for data, information and undertakings from the rated entity for conducting surveillance & review of the rating. However, the issuer / borrower failed to submit such information before the due date. Acuite believes that information risk is a critical component in such ratings, and noncooperation by the issuer along with an unwillingness to provide information could be a sign of potential deterioration in its overall credit quality. This rating is therefore being flagged as "Issuer not-cooperating", in line with prevailing SEBI regulations and Acuite's policies.

Limitation regarding information availability:

The rating is based on information available from sources other than the issuer / borrower (in the absence of information provided by the issuer / borrower). Acuite endeavored to gather information about the entity / industry from the public domain. Therefore, Acuite cautions lenders and investors regarding the use of such information, on which the indicative credit rating is based.
