\* Refer Annexure for details

#### Rating Rationale

SMERA has assigned long-term rating of '**SMERA B+**' (read as **SMERA B plus**) on the Rs. 10.00 crore bank facilities of KADODARA HOTELS. The outlook is '**Stable**'.

The Surat-based Kadodara Hotels (KH), established in 2016, plans to set up a three star hotel consisting of 27 rooms, 12 service apartments, a restaurant, banquet and other facilities at Surat. The firm is led by Partners, Mr. Shaileshbhai Dahyabhai Patel (Key Promoter) and Mr. Atulbhai Mangubhai Patel. The total cost of the project is Rs.11.00 crore and commercial operations are expected to commence from April, 2018.

#### Key Rating Drivers

##### Strengths

###### • Experienced management

The partners, Mr. Shaileshbhai Patel and Mr. Atulbhai Patel have more than two decades of experience in the hospitality and real estate sectors. Further, the aforementioned are also co-founders of the 'Chatrala Group', engaged in the hospitality and real estate businesses since 1980 in USA.

###### • Management agreement/Tie-up

The firm has entered into an agreement with Budget Inn Enterprises (BIE) for managing the day-to-day operations of the proposed hotel.

###### • Location advantage

The proposed hotel is located at Kadodara Char Rasta (Surat) near Kim-Pipodara, Karanj and other industrial areas.

##### Weaknesses

###### • Off-take risk

While operations are expected to commence from April 2018, the project faces off take risk. However, the risk is mitigated to a certain extent considering the extensive experience of the promoters in the hospitality and real estate sectors.

###### • Intense competition

The hotel industry faces intense competition from a large number of organised and unorganised players.

##### Analytical Approach

SMERA has considered the standalone financial and business risk profile of the firm.

##### Outlook: Stable

SMERA believes that KH will maintain a stable outlook in the medium term owing to the extensive experience of the partners. The outlook may be revised to 'Positive' in case the firm generates healthy cash flows from operations while achieving a healthy financial risk profile. Conversely, the outlook may be revised to 'Negative' in case of delays in project implementation.
