#### Weaknesses

#### Weak financial risk profile:

The weak financial risk profile of the company is marked by negative networth, negative gearing and low debt protection metrics. The net worth of the company stood negative Rs.5.25 crore in FY2017 as compared to negative Rs.2.19 crore in FY2016, mainly on account of accumulated losses. The gearing of the company stood negative 5.68 times in FY2017 as compared to negative 13.37 times in FY2016 owing to the negative networth base. The interest coverage ratio (ICR) of the company stood low at negative 0.13 times in FY2017 as compared to negative 2.04 times in FY2016. #### Intense competition

SCMPL faces competition from various dealers of Mahindra & Mahindra as well as that of other companies such as Skoda Auto India, Toyota India, Maruti Suzuki, Ford Motor Company, Honda Motor Company etc. operating in Pune, Maharashtra.

#### Analytical Approach

Acuité has considered the standalone business and financial risk profiles of the firm.

### Outlook: Stable

Acuité believes that SCMPL will maintain a stable outlook and benefit over the medium term from the promoters long experience in the auto dealership business. The outlook may be revised to 'Positive' if the company's scale of operations increases substantially while maintaining operating profitability and improvement in the capital structure. Conversely, the outlook may be revised to 'Negative' if the company fails to achieve scalability amidst intensifying competition in its area of operation or if the financial risk profile deteriorates owing to higher-than-expected increase in debt-funded working capital requirements.
