The net cash accruals against the total debt (NCA/TD) stand comfortable at 0.21 times in FY2017 compared to 0.31 times in FY2016.

Weaknesses

Moderate scale of operation:

The scale of operation stood moderate at Rs.23.28 crore in FY2017 as compared to Rs.20.40 crore in FY2016. The company has booked Rs.25.47 crore as on 31st March FY2018 (Provisional).

Presence in highly competitive and fragmented industry

PTPL is mainly engaged manufacturing of spring gear and motor parts. The company operates in highly fragmented industry with limited entry barriers wherein the presence of large number of players in the unorganized sector limits the bargaining power with customers.

Analytical Approach

Acuite has considered the standalone business and financial risk profiles of the company.

Outlook: Stable

ACUITÉ believes PTPL will maintain a stable outlook in the medium term owing to its experienced management and established relations with customers. The outlook may be revised to 'Positive' in case the company registers substantial growth in revenues and cash accruals while achieving efficient working capital management. Conversely, the outlook may be revised to 'Negative' in case of deterioration in the financial risk profile or deterioration of the capital structure.
