### Rating Rationale

Acuite has downgraded the long-term rating of **'ACUITE B+' (read as ACUITE B plus)** from **'ACUITE BB-' (read as ACUITE double B minus)** on the Rs. 8.50 crore bank facilities of Palash Udyog Foods Private Limited (PUFPL). The outlook is **'Stable'**.

In addition, Acuite has assigned long term rating of **'ACUITE B+' (read as ACUITE B plus)** on the Rs. 4.92 crore bank facilities of Palash Udyog Foods Private Limited (PUFPL). The outlook is **'Stable'**.

The downgrade is on account of decline in PUFPL's revenue and elongation in its working capital cycle. The downgrade also factors in the liquidity pressures emanating from full utilisation of its working capital limit resulting in deterioration in its debt-equity. Going forward, further dip in revenue and stretch in its working capital cycle will impart downward revision of the rating.

Incorporated in 2002, Palash Udyog Foods Private Limited (PUFPL) is an Odisha-based company promoted by Mr. Palash Kumar Patra. PUFPL is engaged in processing of spices and flour, and packaging of edible oil. The company procures whole spices such as chilli, coriander, jeera and turmeric and processes them through blending and mixing. The spices are sold through 150 dealers and distributors under its own brand name 'Meera' certified by AGMARK. The company has nearly 134 varieties of basic and blended spices. PUFPL procures mustard oil and Palmolein oil from Rajasthan and West Bengal and packages under its own brand 'Meera'. The company has further diversified into process of wheat to produce atta and besan.

### Analytical Approach

Acuite has considered the standalone business and financial risk profile of PUFPL to arrive at the rating.

### Key Rating Drivers

#### Strengths

##### • Experienced management

Established as M/s Patra Enterprises and later converted into private limited company in 2002, the company has an operational track record of nearly two decades in the same line of business. The long track record of operations has helped the company to build healthy relationship with dealers and distributors.

#### Weaknesses

##### • Moderate Financial Risk Profile

The gearing deteriorated to 2.66 times as on 31 March, 2019 (Provisional) as against 1.58 times a year earlier. The deterioration in its debt equity is due to higher reliance on bank borrowings to fund its working capital requirement. The debt of Rs 13.07 crore consists of term loans of Rs. 2.99 crore, and working capital loan of Rs. 10.08 crore as on 31 March, 2019 (Provisional). The debt protection metrics stood moderate with interest coverage ratio of 1.86 times for FY19 (Provisional) as against 1.89 times in the previous year. Net Cash Accruals/Total Debt (NCA/TD) stood at 0.06 times as on 31 March, 2019 (Provisional). Acuite expects the financial risk profile to remain moderate over the medium term.

#### • Working capital intensive nature of operations

The working capital cycle deteriorated in FY 2018-19 as envisaged the Gross Current Assets (GCA) days of 93 days in FY19 (Provisional) as compared to 57 days in the year prior.
