\* Refer Annexure for details

#### Rating Rationale

Acuité has assigned long-term rating of '**ACUITE B+** (**read as ACUITE B plus**) to the Rs. 5.00 crore bank facilities of PLUS MAX DUTY FREE MADURAI PRIVATE LIMITED (PMDFM). The outlook is '**Stable**'.

Plus Max Group (PMG) was first established in 2009 as Plus Max Impex India Private Limited, it was engaged in import and export of liquor to Singapore and Malaysia. In 2016, the company in collaboration with Malaysia based AGM Duty Free Selatan SDN. BHD., won license to run and operate duty free shops at five international airports including Trivandrum, Coimbatore, Vizag, Pune and Madurai. In March 2017, it commenced operations in its first store at Coimbatore and Vizag Airports, following which in May 2017, the Pune Airport store was opened. While in June 2017, the Madurai Airport store and in September 2017, the Trivandrum Airport store was opened.

#### Analytical Approach

Acuité has consolidated the financial and business profiles of Plus Max Duty Free Private Limited (PMDF), Plus Max Duty Free (Kovai) Private Limited (PMDFK), Plus Max Duty Free (Vizak) Private Limited (PMDFV), Plus Max Duty Free (Pune) Private Limited (PMDPF) and Plus Max Duty Free (Madurai) Private Limited (PMDFM) together referred to as the Plus Max Group (PMG). The consolidation is in view of the common ownership, similarity in the line of business, operational and financial linkages within the group.

#### Key Rating Drivers

##### Strengths

- **Established track record and experienced promoters:**

PMG promoters are associated with the holding company, AGM Duty free, through which they have over a decade's experience in liquor trading. The group is associated with AGM Duty Free (Sellatan) Malaysia and Plus Max Group Malaysia, who are also the major promoters of the group in India. The said companies have over two decades of experience in running and operating duty free stores in Malaysia.

- **Moderate average financial risk profile**

Plus Max group have moderate financial risk profile marked by tangible net worth of Rs.26.74 crore as on 31 March, 2018 (Provisional) as against Rs.13.39 crore as on 31 March, 2017. The gearing stood low at 0.13 times as on 31 March, 2018 (Provisional) as against 0.16 times as on 31 March, 2017. The debt of Rs.3.50 crore mainly consists of unsecured loans from promoters of Rs.2.22 crore and working capital borrowings of Rs.1.28 crore as on 31 March, 2018 (Provisional). Interest Coverage Ratio (ICR) stood at 18.83 times in FY2018 (Provisional).

Going forward, Acuité expects the financial risk profile to remain moderate in the absence of major debt funded capex plans.

## Weaknesses

- **Working capital intensive operations**

PMG's operations are working capital intensive marked by high Gross Current Asset (GCA) of 149 days in FY2018 (Provisional) compared to 791 days in FY2017. The GCA days are mainly dominated by high inventory days of 57 days in FY2018 (Provisional) compared to 169 days in FY2017. Acuité believes that the efficient working capital management will be crucial to the group in order to maintain a stable credit profile.

- **Revenue susceptible to footfall and air traffic:**

Since the major portion of the revenue is derived from duty free shops at international airports, its revenues are dependent on the air traffic at these airports and passenger footfalls at these stores.

## Outlook: Stable

Acuité believes PMG will maintain a 'Stable' business risk profile over the medium term on account of its experienced promoters. The outlook may be revised to 'Positive' in case the group registers healthy growth in revenues while achieving sustained improvement in operating margins, capital structure and working capital management. Conversely, the outlook may be revised to 'Negative' in case of decline in the group's revenues or profit margins, or in case of deterioration in the group's financial risk profile and liquidity position.
