### Rating Rationale

Acuité has upgraded the long term rating to '**ACUITE BBB**' (**read as ACUITE triple B**) from '**ACUITE BBB-**' (**read as ACUITE triple B minus**) and the short term rating to '**ACUITE A3+**' (**read as ACUITE A three plus**) from '**ACUITE A3**' (**read as ACUITE A three**) on the Rs.33 crore bank facilities of Paramount Textile Mills Private Limited (PTPL). The outlook is '**Stable**'.

The rating upgrade is on account of a significant increase in revenue of the company driven by volume growth in sales of fabric and made-ups coupled with improvement in profit levels, thereby leading to higher cash accruals. The rating upgrade also factors in the healthy order book position providing adequate revenue visibility. The rating continues to factor in the robust financial risk profile of the company marked by moderate networth, comfortable gearing and strong debt protection metrics.

### Key Rating Drivers

#### Strengths

- **Long track record of operations**

Established in 1979, Paramount Textile Mills Private Limited (PTPL) has a long operational track record of more than four decades in the textiles industry. Acuité believes the long track record has helped PTPL to establish a healthy relationship with suppliers and reputed customers and ensure repeat orders.

- **Significant growth in revenue and healthy order book position**

The company has improving revenue trend marked by operating income of Rs.185.46 Cr in FY2020 (provisional) as compared to revenues of Rs.136.34 Cr in FY2019 and Rs.92.87 Cr in FY2018, thereby registering CAGR of 41.31 per cent over two years. The growth in revenue is on account of volume growth in sales of fabric and made-ups driven by increased demand. The company's healthy financial risk profile is marked by moderate networth, comfortable gearing and strong debt protection metrics. The tangible net worth of the company increased to Rs.40.18 Cr as on March 31, 2020 (provisional) from Rs.31.33 Cr as on March 31, 2019.
