## Rationale for Rating

The in rating is on account of significant traction in scale of operations while maintaining healthy asset quality and profitability metrics. FCPL's earning profile significantly improved as reflected in ROAA which stood at 5.85 percent for FY24 (P.Y.: 4.84 percent). The PAT grew from Rs. 88.37 Cr. in FY23 to Rs. 151.51 Cr. in FY24. The rating also reflects the healthy capitalization and capital buffers established by Capital Adequacy Ratio (CAR) of 40.64 percent as on March 31, 2024. Further, the rating factors in the significant improvement shown in disbursements with AUM growing to Rs. 2656.05 Cr. as on March 31, 2024 from Rs. 1628.76 Cr. as on March 31, 2023. The rating continues to factor in FCPL's experienced management, efficient risk management systems and collection process adopted by the company demonstrated by its on-time portfolio of 93 percent as on June 30, 2024.

The rating is constrained by geographically concentrated loan portfolio (~61 percent in Rajasthan), exposure to riskier borrowing segment and low seasoning. Further, the inherent risks of lending in this segment have been exacerbated by localised lockdowns and economic disruptions in the past. Going forward, the ability of the company to scale up its operations, contain asset quality while maintaining healthy profitability will be key credit monitorable.

## Analytical Approach

Acuité has considered the standalone business and financial risk profile of FCPL to arrive at the rating.

## Key Rating Drivers

### Strength

- Established presence in MSME segment; demonstrated support from marquee investors

FCPL commenced its lending operations since March 2016 and extends MSME loans and Home loans (both products secured against property). FCPL's borrower profile comprise MSME units providing services, small traders, retailers, businessmen and other local small business operators primarily engaged in providing essential services. The company was founded by Mr. Mohit Sahney (MD & CEO) and Mrs. Sunita Sahney (Executive Director). Mr. Mohit Sahney has an experience spanning over more than 25 years in retail banking and financial services. He was earlier associated with ICICI bank and served in various capacities in different segments. Mr. Sahney has been able to bring on board marquee institutional investors like Peak XV (erstwhile Sequoia Capital India Investment), Faering Capital, Norwest Capital LLC and Maj Invest Financial.

Peak XV and Faering Capital have board representation and FCPL benefits from their expertise. Mr. G.V Ravishankar (MD), and Mr. Ishaan Mittal (Vice-President) of Peak XV and Mr. Aditya Deepak Parekh, Co-founder of Faering Capital are on the board of FCPL. FCPL's board also has representatives from Norwest Capital LLC and Maj Invest Financial Fund as observers. FCPL has been able to obtain funding from these investors to the tune of ~Rs. 850 Cr. through compulsory convertible cumulative preference capital in four rounds of funding held in FY2018, FY2019, FY2021 and 2022.

The company's outstanding loan portfolio stood at ~Rs. 2656.05 Cr. as on March 31, 2024 (~Rs. 1628.76 Cr. as on March 31, 2023 and ~Rs. 948.19 Cr. as on March 31, 2022). FCPL has demonstrated growth in its scale of operations by expanding its network to 345 branches across states of Rajasthan, Madhya Pradesh, Uttar Pradesh, Delhi-NCR, Chhattisgarh, Haryana, Jharkhand, Punjab, Bihar, Uttarakhand, Odisha and Telangana. Rajasthan still constitutes for major portion of the company's portfolio.

Acuité believes that the company's growth prospects will be supported by the promoter's extensive experience in the financial services sector fortified by support from marquee investor like Peak XV, Faering Capital, Norwest Capital and Maj invest.

- Healthy financial risk profile

FCPL's networth stood at Rs. 1162.67 Cr. as on March 31, 2024 and reported a healthy capital adequacy ratio (CAR) of 40.64 percent mostly comprising Tier 1 capital (40.42 percent). The company has a diversified lender profile comprising Banks and NBFC/FI's, with total debt of Rs. 1909.90 Cr. outstanding as on Mar, 2024.

FCPL's profitability indicators are also healthy marked by Net Interest Margin (NIM) which stood at 15.24 percent as on March 31, 2024 (P.Y 14.35 percent). The company's Return on Average Assets (RoAA) significantly improved to 5.85 percent as on March 31, 2024.

Operating Expense to Earning Assets stood at 5.93 percent as on March 31, 2024. Acuité believes that the company's comfortable capitalization levels will support its growth plans over the medium term

## Weakness

- **Relatively low seasoned portfolio; likelihood of elevated stress in asset quality**

FCPL commenced its lending operation in March, 2016 extending MSME loans (secured against property) having an average tenure of upto 6-7 years. The company's loan book of Rs. 2656.05 Cr. as on March 31, 2024 has grown significantly from Rs. 1628.76 Cr. as on March 31, 2023 and from Rs. 948.19 Cr. as on March 31, 2022. Due to substantial growth in loan book in the last couple of years, ~60 percent of the overall portfolio has a seasoning of less than two years as on March 31, 2024.

Around 92 percent of FCPL's portfolio of Rs. 2433.01 Cr. as on March 31, 2024 accounts for MSME loans and ~8 percent towards Home loans. FCPL's overall credit profile is susceptible to concentration towards MSME loan which in turn are facing their own inherent risks and challenges. Further, since MSME loans are extended to self-employed individuals for business purposes, the serviceability of these loans is directly dependent on the level of economic activity in the region. Majority of the FCPL's MSME borrowers comprise services providers, small traders, retailers, businessmen and other local small business operators. The company's operations are concentrated in Rajasthan with ~61 percent of the overall outstanding portfolio as on March, 2024. FCPL has started to diversify its geographical presence by operating branches in Uttarakhand, Odisha and Telangana. Occurrence of events such as slowdown in economic activity or shifting of activity to other geographies could impact the cash flows of the borrowers, thereby impacting credit profile of FCPL.

The company saw an increase in delinquencies in asset quality with a GNPA (at PAR 90+ days past due) at 1.79 percent as on March 31, 2024 (provisional) as compared to GNPA of 0.97 percent March 31, 2023 as provision provided the NNPA stood at 0.99 percent as on June 30, 2024 as compared to NNPA of 0.32 percent as on Mar 31, 2023. The overall collection efficiency stood at an average of ~91 percent as on March 31, 2024.

Acuité believes that the company's ability to maintain its asset quality given the low seasoned loan book and increased presence in the newer geographies will remain a key rating monitorable.
