**Rationale for reaffirmation**

The rating reaffirmation continues to factor in the long standing experience of the promoters and established track record of operations of the group. The rating reaffirmation further takes into consideration the improvement recorded in the group's operating performance marked by revenue growth of 39.07 % in FY2023 to Rs.724.55 Crore from Rs. 520.99 Crore in FY2022.

However, the operating margins moderately declined in FY2023 and stood at 6.34 per cent as against 7.63 per cent in FY2022. The rating further considers the moderate financial risk profile and efficient working capital operations of the group as indicated by the low gearing levels and low GCA days respectively. However, the rating is constrained by the group's tender based nature of operations.

Going forward, the group's ability to scale up its scale of operations while maintaining profitability margins will remain a key rating monitorable.
