Rating Rationale

Acuite has reaffirmed the long-term rating of 'ACUITE A' (read as ACUITE A) on the Rs. 371.77 crore bank facilities and the short-term rating of 'ACUITE A1' (read as ACUITE A one) to Rs. 90.23 crore bank facilities of Mahendra Sponge and Power Limited (MSPL). The outlook remains 'Stable'.

Acuite has further assigned the long-term rating to 'ACUITE A' (read as ACUITE A) on the Rs. 82.50 crore bank facilities and the short-term rating to 'ACUITE A1' (read as ACUITE A one) on Rs. 132.50 crore bank facilities of Mahendra Sponge and Power Limited (MSPL). The outlook is 'Stable'.

Rationale for rating

The rating takes into cognizance the stable business risk profile of the group buoyed by its declining but healthy revenue and sustenance of operating margin. The revenues have declined primarily since the prices of steel in the market have corrected itself in FY2023 and FY2024 and also the power plants in AIPL and MPPL have remained shut for 9 months and 5 months period respectively in FY2023 and FY2024 due to maintenance activities. Furthermore, the profitability of the group has sustained itself despite the declining trend of revenues. Furthermore, the group has added sponge iron and Power plant in Mahendra Sponge and Power Limited which is expected to start operations in current year and augment both the topline and profitability. The rating is also supported by the management's long-standing experience and healthy financial position characterized by healthy debt coverage indicators. The Company's liquidity is further supported by healthy cash accruals, absence of any major capex plans, minimal debt obligations, moderate current ratio. These strengths are however, partly offset by the intensive working capital management of the group and cyclical nature of the steel industry.

About the Company

Analytical Approach

Extent of Consolidation

- Full Consolidation

Rationale for Consolidation or Parent / Group / Govt. Support

For arriving at this rating, Acuité has consolidated the business and financial risk profiles of Mahendra Sponge & Power Limited (MSPL), Animesh Ispat Private Limited (AIPL), Mahendra Power Private Limited (MPPL) and Mahendra Strips Private Limited (MSPL) together referred to as the 'Mahendra Group' (MG). The consolidation is in the view of common management, intercompany holdings, operational linkages between the entities and a similar line of business.

Key Rating Drivers

Strengths

Established track record of operations and extensive experience of promoters

The Mahendra group has a long track record of over four decades in the iron and steel industry. Acuité believes that the long track record of operations will benefit the company going forward, resulting in steady growth in the scale of operations. The key promoters of the group, Mr. Manoj Kumar Agrawal, Mr. Mahendra Kumar Agrawal and Mr. Deepesh Agrawal, have been associated with the iron & steel industry for two decades. Acuité derives comfort from the long experience of the promoters.

Declining but healthy scale of operations

The Mahendra group's operating revenue grew to Rs. 3,583.66 crore in FY2024 (Prov.) from Rs. 4,068.91 crore in FY2023. The group has sustained the operating margin at similar level at 4.89 percent in FY2024 (Prov.) and 4.66 percent in FY2023. The group has sustained the PAT margin at similar level at 2.60 percent in FY2024 (Prov.) and 2.48 percent in FY2023. The installation of new boilers in AIPL and MPPL, which put these facilities on a five-month maintenance break, and global pricing corrections in the steel industry are the main causes of the decline in margin.

Stable offtake and locational advantage for AIPL and MPPL

AIPL and MPPL both have signed power purchase agreements (PPA) with CSPDCL for 8.91MW for 20 years till 2038. Presently, AIPL is operating at plant load factor (PLF) of 100.02 percent and MPPL is operating at plant load factor (PLF) of 93.19 percent. Currently, the cost for supply of contracted energy is Rs.6.76/kWh. Acuité believes that the PPA with CSPDCL with AIPL and MPPL provides comfortable revenue visibility, going forward.

Healthy financial risk profile

The group's financial risk profile is marked by strong network, moderate gearing and healthy debt protection metrics. The tangible net worth of the group increased to Rs. 632.12 crore as on FY2024 (Prov.), from Rs. 545.68 crore as on FY2023, due to accretion of reserves. Acuité has considered unsecured loans of Rs. 71.81 crore as on FY2024 (Prov.) and Rs. 61.19 crore as on FY2023, as quasi-equity as the management has undertaken to maintain the amount in the business over the medium term. Gearing of the group has improved and stood below unity in FY2024 (Prov.) and FY2023. The Total outside Liabilities/Tangible Net Worth (TOL/TNW) stood high at 1.52 times in FY2024 (Prov.), as against 1.91 times in FY2023. The healthy debt protection metrics of the group is marked by Interest Coverage Ratio at 3.48 times and Debt Service Coverage Ratio at 2.45 times in FY2024 (Prov.). Net Cash Accruals/Total Debt (NCA/TD) stood at 0.27 times in FY2024 (Prov.) as against 0.29 times in FY2023. Acuité believes that going forward the financial risk profile of the group will remain healthy over the medium term, despite having debt funded capex plans.

Weaknesses

Moderate working capital management

The working capital intensive nature of operations of the group is marked by high Gross Current Assets (GCA) of 113 days on 31st March 2024 (Provisional) as compared to 94 days on 31st March 2023. The high GCA days are primarily on account of a high proportion of other current assets consisting of other loans and advances. Further, the inventory holding stood moderate at 50 days on 31st March 2024 (Provisional) as compared to 41 days on 31st March 2023. The group maintains inventory due to availability of sufficient raw materials and by virtue of the manufacturing unit being located to the close vicinity of iron-ore mines of Jharkhand and Odisha. However, the debtor period stood comfortable at 22 days in March 2024 (Provisional). The creditor days stood at 54 days in March 2024. Acuité believes that the working capital operations of the group will remain at same level as evident from intensive inventory levels over the medium term.

Rating Sensitivities

- Growth in the scale of operations while improving profitability margin
- Elongation of working capital cycle

Liquidity Position

Adequate

The group's liquidity is adequate marked by steady net cash accruals of Rs. 107.81 crore in FY2024 (Prov.) as against long-term debt repayment of Rs. 10.83 crore over the same period. The cash and bank balances of the group stood at Rs. 218.54 crore in FY2024 (Prov.) as compared to Rs. 91.46 crore in FY2023. The current ratio remains comfortable at similar level of 1.45 times in FY2024 (Prov.) and 1.40 times in FY2023. The fund-based limit remains utilised moderately at 73 percent over the 6 months ended March 2024. However, working capital management of the group is marked by high Gross Current Assets (GCA) of 113 days in FY2024

(Prov.) as compared to 94 days in FY2023. Acuité believes that going forward the group will maintain adequate liquidity position due to steady accruals.

Outlook: Stable

Acuité believes that the outlook on Mahendra Group will remain 'Stable' over the medium term on account of the long track record of operations, experienced management, sound business risk profile and healthy financial risk profile. The outlook may be revised to 'Positive' in case of significant growth in revenue while achieving sustained improvement in operating margins, capital structure and working capital management. Conversely, the outlook may be revised to 'Negative' in case of decline in the group's revenues or profit margins, or in case of deterioration in the group's financial risk profile or further elongation in its working capital cycle.

Note on Complexity Levels of the Rated Instrument

In order to inform the investors about complexity of instruments, Acuité has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuite' s categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk. For more details, please refer Rating Criteria "Complexity Level Of Financial Instruments" on www.acuite.in.

About Acuité Ratings & Research

Acuité is a full-service Credit Rating Agency registered with the Securities & Exchange Board of India (SEBI). The company received RBI Accreditation as an External Credit Assessment Institution (ECAI) for Bank Loan Ratings under BASEL-II norms in the year 2012. Acuité has assigned ratings to various securities, debt instruments and bank facilities of entities spread across the country and across a wide cross section of industries. It has its Registered and Head Office in Kanjurmarg, Mumbai.

Disclaimer: An Acuité rating does not constitute an audit of the rated entity and should not be treated as a recommendation or opinion that is intended to substitute for a financial adviser's or investor's independent assessment of whether to buy, sell or hold any security. Ratings assigned by Acuité are based on the data and information provided by the issuer and obtained from other reliable sources. Although reasonable care has been taken to ensure that the data and information is true, Acuité, in particular, makes no representation or warranty, expressed or implied with respect to the adequacy, accuracy or completeness of the information relied upon. Acuité is not responsible for any errors or omissions and especially states that it has no financial liability whatsoever for any direct, indirect or consequential loss of any kind, arising from the use of its ratings. Ratings assigned by Acuité are subject to a process of surveillance which may lead to a revision in ratings as and when the circumstances so warrant.
