### Analytical Approach

### Extent of Consolidation

- Full Consolidation

### Rationale for Consolidation or Parent / Group / Govt. Support

The team has consolidated the business and financial risk profile of Delta Global Private Limited (DGPL) and Delta Global Resources Private Limited (DGRPL); together referred as 'Delta Group' to arrive at the rating. The consolidation is on account of the common management, similarities in the line of business and presence of operational and business synergies.

### **Key Rating Drivers**

#### **Strengths**

##### **>Established track record of operations with experienced management**

The group commenced its operations under the leadership of Mr. Anurag Goel who started this business in 2005 from a proprietorship concern in the name of Delta Global. Later, DGPL was set up in the year 2013 and DGRPL in 2015. The group is primarily engaged in wholesale trading of imported industrial coal across pan India to the reputed large industrial corporates in across various industries. Currently, the day-to-day operations of the group are managed by Mr. Goel and Mr. Piyush Goel along with other industry veterans with an experience of over three decades in the aforementioned industry and is well supported by second line of experienced management team. The established presence along with experienced management has helped the group to maintain long and healthy relationship with its reputed customers and suppliers in the industry.

Delta group has recorded an operating income of Rs.863.72 crores in FY2022 as against Rs.1254.30 crores in FY2021. The EBITDA Margins of the group stood at 3.15 percent in FY2022 as against 1.17 percent in FY2021. The PAT Margins stood at 1.87 percent in FY2022 as against 0.76 percent in FY2021.

##### **> Moderate Financial risk profile**

The financial risk profile of the group stood moderate marked by moderate net worth, low gearing and comfortable debt protection metrics. The tangible net worth stood moderate at Rs.42.28 crore as on 31 March 2022 as against Rs.44.65 crore as on 31 March, 2021. Total debt of the group stood at Rs.30.10 crore as on 31 March 2022 as against Rs.39.15 crore as on 31 March, 2021. Total debt comprises of long-term debt of Rs 0.39 crore, short-term debt of Rs 13.69 crore and USL from directors of Rs 15.67 crore. Due to the reduction in total debt the gearing (debt-equity) of the group improved to 0.71 times as on 31 March 2022 as against 0.88 times as on 31 March, 2021. Total outside Liabilities/Total Net Worth (TOL/TNW) stood at 4.19 times as on 31 March 2022 as against 4.05 times as on 31 March 2021. Debt protection metrics of the group is marked comfortable with Interest Coverage Ratio at 5.47 times in FY2022. Net Cash Accruals to Total Debt (NCA/TD) stood at 0.55 times as on 31 st March FY2022 as against 0.25 times as on 31 st March 2021.

#### **Weaknesses**

##### **>Competition space and stressed end user industry**

Coal traded and transported by the group find their end use by companies involved in power generation, manufacturing of cement, iron & steel. Increasing cost of supply as against environmentally friendly and economically attractive options of solar and wind power has led to significant reduction in energy consumption from thermal power plants, putting these power plants under financial distress. Any policy changes affecting the highly regulated coal industry or its end users will impact the financial and business risk profile of the group.

### Note on Complexity Levels of the Rated Instrument

In order to inform the investors about complexity of instruments, Acuite has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuite's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk.
