The rating derives strength from IIFL Samasta's strong parentage through IIFL Finance Limited (IIFL Finance), the NBFC-MFI (Samasta) is a 99.51 percent subsidiary of the parent company, and expectations of continued support going forward. By virtue of majority ownership, IIFL Samasta also enjoys significant managerial and financial synergies with IIFL Finance group. Acuite also takes cognizance that the promoter will maintain majority ownership in IIFL Samasta Finance Limited. The parent company IIFL Finance Limited (Listed) has a total networth of ~Rs. 10,202 Crore and a market cap of over Rs. 17,755 Crore as on March 31, 2023. The rating is however constrained by concentration of loan portfolio in the top 4 states (Bihar, Tamil Nadu, Karnataka and Rajasthan) comprising ~61 percent of the AUM and susceptibility to risks inherent to microfinance segment.

Furthermore, Samasta is expected to receive funding support from the group to support the expansion of its business operations. It also has representatives on the board from IIFL group.

Acuite believes that the microfinance business is strategically important for IIFL group and it helps diversify the financial product suite of the parent and expand its presence in the financial inclusion space. Also, the microfinance business is scalable, and is expected to grow moderately over the medium term.

IIFL Samasta has been gradually reducing its exposure to geographic concentration with addition of new branches in different districts and venturing in new states. Acuite believes that containing additional slippages while maintaining the growth in the loan portfolio and reducing geographic concentration will be crucial.

### **Susceptibility to risks inherent to microfinance segment**

IIFL Samasta Finance Limited primarily extends unsecured loans to economically challenged borrowers who have limited ability to absorb income shocks. Since financial assistance to economic challenged borrowers is a sensitive issue, from government standpoint the regulatory dispensation in respect of the policies becomes relevant. Any changes in the regulatory environment impeding the ability of entities like IIFL Samasta to enforce collections, etc will have an impact on its operational performance. Besides the regulatory risks, the inherent nature of the business renders the portfolios vulnerable to event risks such as natural calamities in the area of operations.
