## Rating Rationale

Acuite has assigned the long-term rating of **Acuite A-(read as Acuite A minus)** on the Rs. 70.00 crore bank facilities of Laxmi India Finance Private Limited (LIFPL). The outlook is 'stable'

Acuite has reaffirmed the long-term rating of **Acuite A-(read as Acuite A minus)** on the Rs. 663.05 crore bank facilities of Laxmi India Finance Private Limited (LIFPL). The outlook is 'stable'

Acuite has reaffirmed the long-term rating of **Acuite A-(read as Acuite A minus)** on the Rs. 25.00 crore non-convertible debentures of Laxmi India Finance Private Limited (LIFPL). The outlook is 'stable'

## Rationale for the rating

The rating continues to factor in LIFPL's adequate capitalization levels, healthy resource raising ability, and comfortable asset quality metrics. LIFPL's CAR stood at 21.42 percent as of Sep 30, 2023. The capital structure of the company derives support from regular equity infusions, and Acuite expects continued infusions from the promoters over the medium term so as to keep the gearing levels at comfortable levels. The promoters had infused Rs. 9.88 crore during Q4 FY23. The credit profile of the company derives strength from its demonstrated ability to raise funds in the form of debt. LIFPL has been able to raise funds through various banks and FIs. During H1FY24, the company was able to raise fresh debt of around Rs. 181.80 crore in the form of term loans. While Acuite takes cognizance of asset quality challenges in the MSME sector, LIFPL has been able to maintain comfortable asset quality as marked by its on-time portfolio, which stood at 91.50 percent with a GNPA of 0.94 percent as of Sept 30, 2023. The rating further factors in LIFPL's established track record of promoters who have over two decades of experience in the financial services industry and its ability to deploy the funds profitably. The rating is, however, constrained by the limited portfolio seasoning and geographical concentration of its loan portfolio. Geographical concentration risk continues to weigh on the credit profile of the company. Going forward, movement in asset quality or profitability metrics and any deterioration in capital structure or capitalization levels will be key credit indicators.

## About the company

Incorporated in 1996, LIFPL, a Jaipur-based company, registered as a non-deposit-taking NBFC with the RBI. LIFPL is led by Mr. Deepak Baid and Mrs. Prem Devi Baid and is engaged in vehicle financing, MSME catering to micro, small, and medium enterprises, and unsecured personal and business loans to individuals. The company commenced operations in April 2011

upon its merger with Deepak Finance & Leasing Company, a proprietorship firm engaged in

extending credit in Rajasthan. Initially, the company financed 3-wheeler and 4-wheeler commercial and non-commercial vehicles in Jaipur and nearby areas and subsequently extended its operations to various rural and semi-urban areas in Rajasthan. The company operates through a network of 119 branches spread across three states as of March 31, 2023.

## **Analytical Approach**

Acuité has considered standalone business and financial risk profile of LIFPL to arrive at the rating.

## **Key Rating Drivers**

### **Strength**

#### **Established track record of promoters**

Mr. Deepak Baid, Managing Director and Promoter of LIFPL, has over two decades of experience in the financial services industry and has played a vital role in building the company's current scale and presence in Rajasthan. The Board of Directors comprises Mr. Deepak Baid (Managing Director), Mrs. Prem Devi Baid (Director), Mrs. Anisha Baid (Director), Anil Balkishan Patwardhan (Independent Director), Mr. Surendra Mehta (Independent Director), and Mr. Kishore Kumar Sansi (Independent Director). They have over a decade of experience in the financial services industry. The company has onboarded Mr. Yaduvendra Mathur (an independent director) to further strengthen the board. Over the years, LIFPL has successfully expanded its operations to 132 branches across Rajasthan, Gujarat, Madhya Pradesh and Chhatisgarh. The company's AUM has grown to Rs. 686.77 crore as of March 31, 2023, as compared to Rs. 531.60 crore as of March 31, 2022. The AUM further grew to Rs 795.26 Cr as of Sept 30, 2023.

Acuité believes that the company's growth prospects will be supported by the promoters experience in the industry along with their demonstrated track record of resource-raising ability.

#### **Moderate financial risk profile with a diversified funding mix**

LIFPL's net worth stood at Rs. 159.27 crore as of Sept 30, 2023, and it reported an adequate capital adequacy ratio (CAR) of 21.42 percent, comprising Tier 1 capital at 20.14 percent. The company has a strong lender profile, comprising banks, both private and public, and financial institutions. LIFPL has demonstrated access to funding from both banks and large NBFCs and FIs and has been able to obtain disbursements of Rs 181.89 crore for H1FY2024 in the form of term loans. LIFPL's financial risk profile saw a marginal moderation due to higher interest expenses and opex in H1FY2024. The company incurred higher opex of 7.44 percent (provisional and annualised) on account of branch expansion. The company opened 13 new branches during H1FY24, expanding its branch network to 132 branches as of Sept 30, 2023, as compared to 119 branches as of March 31, 2023. Company's NIM moderated to 9.14 percent in H1FY2024 (Prov) from 10.83 in FY2023 on account of high interest expense.

Acuité believes, going forward, that the ability of the company to mobilise low-cost funding through debt or sub-debt and its ability to deploy the funds profitably will be key factors to monitor. Fructification of new branches resulting in an improved earning profile would also be a key rating monitorable

### **Weakness**

#### **Susceptibility of asset quality to seasoning and concentration risk**

LIFPL forayed into the lending segment in 2011, but has commenced extending loans against property since 2015, with an average tenure of up to 5 years. The company's loan book has grown significantly to Rs. 795 crore as of Sep 30, 2023, from Rs. 531.60 crore as of March 31, 2022. Further, the company's operations are concentrated in Rajasthan, with 86 percent of the portfolio outstanding as of Sep 30, 2023. The company has started operations in Gujarat

and Madhya Pradesh and plans to increase its presence. The occurrence of events such as a slowdown in economic activity or the shifting of activity to other geographies could impact the cash flows of the borrowers, thereby impacting their credit profiles. While Acuite takes cognizance of asset quality challenges in the MSME sector, LIFPL has been able to maintain its on-time portfolio at 91.50 percent with a GNPA of 0.94 percent and NNPA of 0.66 percent as of Sep 30, 2023. The GNPA and NNPA levels stood at 0.57 percent and 0.31 percent as of March 31, 2023, respectively, as compared to 2.84 percent and 1.89 percent as of March 31, 2022. The company's ability to maintain its asset quality given the low-seasoned loan book and increased presence in the newer geographies will remain a key rating monitorable.

Acuite believes that any significant deterioration in asset quality will adversely impact the credit risk profile and will remain a key rating sensitivity factor

### **ESG Factors Relevant for Rating**

Laxmi India Finance Private Limited (LIFPL) belongs to the Non-Banking Financial Companies (NBFC) sector, which complements bank lending in India. Some of the material governance issues for the sector are policies and practises with regards to business ethics, board diversity and independence, compensation structure for the board and KMPs, the role of the audit committee, and shareholders' rights. On the social aspect, some of the critical issues for the sector are contributions to financial inclusion and community development, sustainable financing, including environmentally friendly projects, and policies around data privacy. The industry, by nature, has low exposure to environmental risks. While LIFPL was primarily engaged in extending retail credit towards MSME, LAP, and vehicle finance loans, it has expanded its borrower base and has been focusing on SME loans, which support financial inclusion by financing smaller businesses. The board of directors of the company consists of 4 independent directors and 2 female directors out of a total of 7 directors. The company maintains adequate disclosures with respect to the various board-level committees, mainly the audit committee, nomination and remuneration committee, and stakeholder management committee. The company also maintains an adequate level of transparency with regards to business ethics issues like related party transactions, investors, grievances, litigations, and regulatory penalties for the group, if relevant. In terms of its social impact, LIFPL is actively engaged in community development programmes through its CSR activities.

### **Rating Sensitivity**

- Movement in gearing levels
- Timely infusion of capital
- Movement in profitability metrics
- Changes in regulatory environment

### **Liquidity Position Adequate**

LIFPL's overall liquidity profile remains adequate. The company's assets and liabilities are well matched with no deficit in any of the time buckets upto 5 years as on Sep 30, 2023. LIFPL has maintained cash and cash equivalents of Rs. 60.63 Cr. as on Sep 30, 2023.

### **Outlook: Stable**

Acuite believes that LIFPL will maintain a 'Stable' outlook over the near to medium owing to established track record of promoters in lending and their resource raising ability while maintaining asset quality and profitability metrics. The outlook may be revised to 'Positive' in case of higher than envisaged growth in loan portfolio while maintaining profitability and asset quality metrics. Conversely, the outlook may be revised to 'Negative' in case of any deterioration in asset quality or profitability metrics or elevation in gearing levels or in case of headwinds faced by promoters in raising resources in a timely and profitable manner or in case of any deterioration in capital structure or capitalization levels.

### Note on complexity levels of the rated instrument

In order to inform the investors about complexity of instruments, Acuite has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuite's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk. For more details, please refer Rating Criteria "Complexity Level Of Financial Instruments" on [www.acuite.in](http://www.acuite.in).

It has its Registered and Head Office in Kanjurmarg, Mumbai.

**Disclaimer:** An Acuité rating does not constitute an audit of the rated entity and should not be treated as a recommendation or opinion that is intended to substitute for a financial adviser's or investor's independent assessment of whether to buy, sell or hold any security. Ratings assigned by Acuité are based on the data and information provided by the issuer and obtained from other reliable sources. Although reasonable care has been taken to ensure that the data and information is true, Acuité, in particular, makes no representation or warranty, expressed or implied with respect to the adequacy, accuracy or completeness of the information relied upon. Acuité is not responsible for any errors or omissions and especially states that it has no financial liability whatsoever for any direct, indirect or consequential loss of any kind, arising from the use of its ratings. Ratings assigned by Acuité are subject to a process of surveillance which may lead to a revision in ratings as and when the circumstances so warrant.
