

Press Release
PRATEEK REALTORS INDIA PRIVATE LIMITED
February 15, 2024
Rating Assigned

Product	Quantum (Rs. Cr)	Long Term Rating	Short Term Rating
Non Convertible Debentures (NCD)	325.00	ACUITE C Assigned Provisional To Final	-
Total Outstanding Quantum (Rs. Cr)	325.00	-	-

Rating Rationale

Acuite' has converted and assigned its long term rating of '**ACUITE C**' (read as **ACUITE C**) from '**Provisional ACUITE C**' (read as **Provisional Acuite C**) on the Rs.325.00 Cr. Non Convertible Debentures of Prateek Realtors India Private Limited.

The final conversion reflects satisfactory completion of the documentation as required by Acuite' with the receipt of following final documents from the company:

1. Final Term sheet.
2. Draft debenture trust deed.
3. Legal opinion- not applicable.

Rationale for rating assigned

The rating assigned takes into account the established track record of the group and promoters in the real estate development industry for more than ten years. The group has established to develop affordable group housing project Grand City having 40 acres' land area located at Siddhartha Vihar, Ghaziabad. However, the rating is constrained by geographical concentration in the revenue profile, past delays in completion of the project and susceptibility of cyclicity in completion of real estate projects. Further, the company had also defaulted in its payment of NCD. Going forward, Acuite' expects the financial risk profile and liquidity of the company to improve with refinancing through the issue of NCD of Rs.325 Crore.

About the Company

Delhi based Prateek Realtors India Private Limited (PRIPL) was incorporated on 16th Dec 2009. It is promoted by Mr. Prashant Kumar Tiwari (& family) who holds 100% of the company directly or through group companies (Prateek Buildtech India Private Limited – 93% and Prashant Kumar Tiwari – 7%). PRIPL is a Real Estate Development company which is developing affordable Group Housing Project Grand City having 40 acres' land area and ~8.3 mn saleable area (Phase 1: 3.1 mn square feet, Phase 2: 2.0 mn square feet, Phase 3: 3.1 mn square feet), located at Siddhartha Vihar, Ghaziabad. The First 2 phases of project were launched in 2015 and are nearing completion, 3rd phase of project is yet to be launched. Prateek Group has substantial presence in Noida and Ghaziabad and has delivered 7.9 mnsft (6 projects) in Delhi NCR. The current director of Company is Mr. Prateek Tiwari and Mr. Prasant Kumar Tiwari.

Unsupported Rating

Not applicable.

Analytical Approach

Acuite has considered the standalone approach on the business and financial risk profile of Prateek Realtors India Private Limited to arrive at rating.

Key Rating Drivers

Strengths

Experienced Promoters with established track record of operations

Prateek group was incorporated in 2005. The promoter of the company Mr. Prashant Tiwari has experience of more than a decade in this line of business. The group has substantial presence in Noida and Ghaziabad and has delivered 7.9 mnsft (6 projects) in Delhi NCR such as The Royal cliff, Prateek Fedora, Prateek laurel, Prateek wisteria and Prateek Edifice, and Prateek Stylome. The company is developing affordable Group Housing Project Grand City having 40 acres' land area and ~8.3 mn saleable area (Phase 1: 3.1 mn square feet, Phase 2: 2.0 mn square feet, Phase 3: 3.1 mn square feet), located at Siddhartha Vihar, Ghaziabad. The cost of construction for Phase 1 and Phase 2 is Rs.1291 crore.

Weaknesses

High Dependence on refinancing for sustainability of operations

PRIPL has liquidity issues due to delay in project construction. There have been delay in repayments of existing NCD's issued by Asia Real Estate II India Opportunity Trust. In order to re finance its loan obligation, group is planning to issue NCDs to clear the dues and complete the project. However, successful refinance is dependent upon the compliance of various precedent conditions laid down in the term sheet. Timely refinance of the debt would be the key rating sensitivity.

Susceptibility to Real Estate Cyclical, Geographical concentration and regulatory risks

The real estate industry in India is highly fragmented with most of the real estate developers having a city-specific or region-specific presence. Most of SIPL's past and ongoing projects are located in Delhi NCR - This increases PRIPL's susceptibility to geographical concentration risk. The real estate industry is cyclical in nature of business and subject to price and interest rate risk, among others. Further, the industry is also exposed to regulatory risk, which can impact project execution.

Rating Sensitivities

Timely refinancing by issuance of NCD.

Liquidity Position

Poor

The liquidity position is poor due to cashflows of the company being inadequate to service the repayment obligation. Hence, PRIPL has defaulted in its repayment of NCD. However, with the debt refinancing and issuance of proposed NCDs, liquidity of PRIPL may improve in near to medium term. PRIPL is mainly dependent on collection of receivables from sold units, NCD proceeds and sale proceeds from unsold units for project funding and NCDs repayment obligation. Timely collection of these receivables from old units will be key monitor able for the assessment of liquidity position of PRIPL.

Note on complexity levels of the rated instrument

In order to inform the investors about complexity of instruments, Acuite has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuite's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk. For more details, please refer Rating Criteria "Complexity Level Of Financial Instruments" on www.acuite.in
