

Press Release

SAMMAN CAPITAL LIMITED - INDIA RETAIL POOL 26 (ERSTWHILE INDIA BULLS HOUSING FINANCE LIMITED - INDIA RETAIL POOL 26)

September 23, 2024

Rating Assigned

Product	Quantum (Rs. Cr)	Long Term Rating	Short Term Rating
Pass Through Certificates (PTCs)	72.11	ACUITE A SO Assigned Provisional To Final	-
Total Outstanding Quantum (Rs. Cr)	72.11	-	-

Rating Rationale

Acuite has assigned and converted the long-term rating from Provisional to Final to **'ACUITE A(SO)' (read as ACUITE A (Structured Obligation))** to the Pass Through Certificates (PTCs) of Rs. 72.11 Cr. issued by India Retail Pool 26 (Trust) under a securitisation transaction originated by Samman Capital Limited (Erstwhile Indiabulls Housing Finance Limited (IHFL)) (The Originator). The PTCs are backed by a pool of secured housing loans with principal outstanding of Rs. 80.12 Cr.

The rating addresses the timely payment of interest and principal on monthly payment dates in accordance with the transaction documentation. The transaction is structured at par.

The rating is based on the strength of cash flows from the selected pool of contracts; the credit enhancement is available in the form of

- (i) Excess cash flow (principal arising due to non-servicing of junior tranche) to the tune of 10.00% of the pool principal o/s
- (ii) Investment in ABFRL Mutual Funds to the tune of 10.00% of the pool principal o/s
- (iii) Excess Interest Spread of 143.01% of the pool principal o/s

The rating of the PTCs is converted to final from provisional as following documents have been received:

1. Trust Deed
2. Deed of Assignment
3. Servicer Agreement
4. Legal Opinion
5. Final Term Sheet

About the Originator

Indiabulls Housing Finance Limited (IBHFL) is a public Ltd company incorporated on 10 May, 2005, under the provisions of the Companies Act, 1956 as a wholly owned subsidiary of Indiabulls Financial Services Limited (IBFSL). Indiabulls Housing Finance Limited is engaged in the business of Housing Finance activities which include inter alia providing finance to eligible person for purchase of residential property. The Company is registered with the National Housing Bank as a housing finance institution (without accepting public deposits) and also as a financial institution under the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002. The present directors of the company are Mr. Gagan Banga, Mr. Sachin Chaudhary, Mr. Achuthan Siddharth, Mr. Dinabandhu Mohapatra, Mr. Satish Chand Mathur, Mr. Subhash Sheoratan Mundra, Ms. Shefali Shah and Mr. Rajiv Gupta. The registered office of the company is in New Delhi.

Assessment of the Pool

IHFL group had Assets under management of Rs 65,335 Cr, as on March 31, 2024. The current

pool being securitised comprises 0.12 percent of the total AUM. The underlying pool in the current Pass Through Certificate (PTC) transaction comprises of housing loans extended towards 1508 individual borrowers, with an average ticket size of Rs. 6.69 lakhs, minimum ticket size of Rs. 0.10 lakhs and maximum of Rs. 16.00 Crore, indicating moderate granularity. The current average outstanding per borrower stands at Rs. 5.31 lakhs. The weighted average original tenure for pool is 278.44 months (minimum 31 months & maximum 502 months). The pool has weighted average seasoning of 54.12 months for Housing Loan (minimum 10 months seasoning and maximum of 194 months seasoning). Hence, the pool has low seasoning. The pool's geographical concentration is moderately high. 36.71% of these borrowers are concentrated in Maharashtra. The top 5 borrowers of pool constitute 21.42% i.e. Rs. 17.16 Cr. of the pool principal O/s.

Credit Enhancements (CE)

- (i) Excess cash flow (excess interest and principal arising due to non-servicing of junior tranche) to the tune of 10.00% of the pool principal o/s
- (ii) Investment in ABFRL Mutual Funds to the tune of 10.00% of the pool principal o/s
- (iii) Excess Interest Spread of 143.01% of the pool principal o/s

Transaction Structure

The rating addresses the timely payment of interest and principal on monthly payment dates in accordance with the transaction documentation. The transaction is structured at par.

Brief Methodology

Parameters considered are seasoning of the pool, pool vs portfolio, portfolio cuts, amortisation of the pool, internal cash flow modeling, pool characteristics, static pool, dynamic DPDs to assign provisional rating.

Legal Assessment

The legal opinion to the satisfaction of Acuité is received. The legal opinion cover, adherence to RBI guidelines, true sale, constitution of the trust, bankruptcy remoteness and other related aspects.

Key Risks

Counter Party Risks

The pool has an average ticket size of Rs. 6.69 lakhs, minimum ticket size of Rs. 0.10 lakhs. and maximum of Rs. 16.00 Crore. Considering the vulnerable credit profile of the borrowers, the risk of delinquencies/defaults are elevated. These risks of delinquencies are partly mitigated, considering the efficacy of the originator's origination and monitoring procedures.

Concentration Risks

The pool is moderately granular as underlying pool in the current Pass-Through Certificate (PTC) transaction comprises of Home Loans extended towards 1,508 individual borrowers. There is also a geographic concentration with 36.71% of these borrowers are concentrated in Maharashtra, which is partially mitigated as the pool is spread across various branches. The top 5 borrowers of pool constitute 21.42% i.e. Rs. 17.15 Cr. of the pool principal O/s.

Servicing Risks

The originator has a healthy track record of servicing PTCs since FY14. Hence, the risk of servicing remains partly mitigated.

Regulatory Risks

In the event of a regulatory stipulation impacting the bankruptcy remoteness of the structure, the payouts to the PTC holders may be impacted.

Prepayment Risks

The pool is subject to prepayment risks since rate of interest is significantly high and borrowers may be inclined to shift to low cost options (based on availability). Further, the asset class being housing loans, the risk of prepayment remains high. In case of significant prepayments, the PTC holders will be exposed to interest rate risks, since the cash flows from prepayment will

have to be deployed at lower interest rates.

Commingling Risk

The transaction is subject to commingling risk since there is a time gap between last collection date and transfer to payout account.

Rating Sensitivity

If the stress factor for the transaction is increased by 10 percent, the rating of the transaction would not get impacted.

All Covenants (Applicable only for CE & SO Ratings)

1. The Assignor has right to assign the loans under each of the loan agreements of the loans being assigned, without consent of the borrower/co-borrower or any other obligor.
2. All loans have been disbursed at a floating rate of interest. All loans are fully disbursed with no pending obligations on part of the Assignors.
3. Underlying security should be residential or commercial or industrial or institutional properties and should have been duly created, registered (where required) and perfected.

It is clarified that except the said moratorium for the period of April 1 to September 30, 2020, no other moratorium was provided or rescheduling/restructuring was done due to COVID-19.
6. Latest CIBIL scrub to be provided and the accounts to be as per Credit policy of the Assignors.
7. All loans are fully disbursed and there is no undisbursed portion under any of the loans assigned
8. Original Repayment tenor of maximum 20 years
9. Minimum holding period of 06 months as per RBI Master Directions from the date of registration of the underlying security interest. For the loans where security did not require registration, the Assignor should have received minimum 6 EMLs.
10. Minimum 06 MOB seasoning i.e. 06 EML's received.
11. Average Pool LTV of less than 70% however individual LTV should be as per regulatory guidelines applicable to NBFCs/HFCs, if any.
12. Repayment of EMLs for all the loan accounts is through ECS, NACH, escrow or through any other electronic mode of transfer or transmission of funds only as may be in compliance of applicable RBI guidelines.
13. All original collateral documents are in possession of the Assignors (No PDCs should be pending to be collected). Valid and enforceable Equitable or Registered Mortgage should have been created and the property title should be legally clear & marketable. Charge on all the underlying securities are duly registered with CERSAI/ROC/Information Utility as per Regulatory Norms
14. All the properties which are part of the pool should have a clear & marketable title with no existing encumbrances apart from the running Loan of the pool.
15. All property owners to be part of the loan structure as either main borrowers or co-borrowers in the loan agreements.
16. All loans EMI to be on monthly basis
17. None of the accounts have Film-stars & politically exposed person
18. None of the accounts Industry classification belong to Stock Broking, Disco Jockey and Military related Professionals.
19. No property provided as security for the Loans is in Under construction stage as on the proposed Transaction date.
20. No property has Identification Issue.
21. Property Valuation of ABFL to fit the LTV Norms on the Outstanding as on Transaction date, 100% verification to be done by ABFL before the transfer of the loan assets.
22. All loan accounts to be live in the system of the Assignors as on the effective date under the assignment agreement.

23. Any other points that may be agreed between Originator and ABFL
24. Loss estimation report will be required.
25. Some Loan accounts may have linked loans which have been securitized by the Assignor in favour of other entities and the charges on the underlying security are shared on pari passu basis with the Assignee. In the event of any enforcement/recovery proceedings, such recovery amount will be shared on pari passu basis with the Assignee.

All Assumptions

Acuité has arrived at a base case delinquency estimate basis its analysis of the company's historical static pool and further applied appropriate stress factors to the base loss figures to arrive at the final loss estimates. The loss estimate also consider the risk profile of the particular asset class, the borrower strata, economic risks, collection efficiency over the past several months as well as the credit quality of the originator. Acuité also has simulated the potential losses to an extent by applying sensitivity analysis.

Liquidity Position

Adequate

The liquidity position in the transaction is adequate. The PTC payouts is supported by an internal credit enhancement in the form of excess cash flow (excess interest and principal arising due to non-servicing of junior tranche) external credit enhancement in the form of ABFRL Mutual funds.

Note on Complexity Levels of the Rated Instrument

In order to inform the investors about complexity of instruments, Acuité has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuité's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk. For more details, please refer Rating Criteria "Complexity Level Of Financial Instruments" on www.acuite.in.
