SMERA has assigned a rating of '**SMERA A4**' (read as **SMERA A four**) to the Rs.5.00 crore bank facilities of J.J. Exports (JJE), a GG Group entity. SMERA has taken a consolidated view on the GG Group to assign the rating. The consolidation is in view of the common management and strong operational linkages shared by the group entities.

JJE's rating is mainly constrained by the firm's weak financial profile and working capital-intensive operations. The rating is further constrained by the susceptibility of the group's profit margins to intense competition prevalent in the edible oil trading industry, volatility in edible oil prices and fluctuations in foreign exchange rates. However, the rating is supported by the group's experienced management, long-standing relationships with customers and suppliers and healthy net worth.

JJE, established in 2012, is a Punjab-based proprietorship firm engaged in trading of imported edible oils. JJE has a weak financial profile marked by high leverage at 46.51 times as on March 31, 2013 and moderate net profit margin of 5.71 per cent in FY2012-13 (refers to financial year, April 01 to March 31). The GG Group faces intense competition from a large number of players in the unorganized sector of the edible oil trading industry. The group's profit margins are susceptible to volatility in edible oil prices and fluctuations in foreign exchange rates.

JJE benefits from its experienced management. Mr. Ankit Jain, proprietor of JJE, has around ten years of experience in the edible oil trading industry.
